A summer CAMP on WHEELS

Welcome!

A summer CAMP on WHEELS is a traveling camp that opens doors to fun activities and knowledge with pick-up/drop-off service at your home. Customized themes, activities, and more are part of our programs. Visit us at summercamponwheels.com!

VBS week starts each day with prayer and reflection.

Sign up for a session - July 17-28, 2017, location: St. Matthews United Methodist Church, Shady Side, Maryland 20764

Week 1/July 17-21 is customized for Vacation Bible School, where the children will let THEIR LIGHT SHINE through programs described throughout the newsletter. Read about the fun programs and field trips for week 1 & 2!

Week 1 begins with ETIQUETTE class full of fun with Ms. Crystal Bailey. Visit Crystal at www.washingnotnetiquette.com/crystalbailey/

Etiquette
Lessons in etiquette will light the community through our daily interactions with the each other.

Children’s Newsletter
This newsletter is written through the children and by the children of summer camp...Stay Tuned!

Newseum Field Trip
The newsletter inspires our trip to the Newseum, Washington, DC
The Children’s Bank

Teaching children the role of money in life, the community and investing in their future.

Bank Field Trip: A visit to one of the community banks.

Door-to-Door Summer Camp Service

Is transportation a challenge or inconvenience for your family? We make it convenient for parents with a pick-up/drop-off service, door to door to the child’s home to help all children join in the summer fun!

Who Am I?

A camp discussion with the children of different jobs and activities that interest them to find their place in the world, which includes a field trip to a university.
Meet the Camp Operator!

I am Toni L. Garner and this camp is a 20-year dream. I have always wanted to work with children through my own mechanism of entrepreneurship. I received a call this week from the grandmother of a mentee I mentored almost two-years ago. The grandmother discussed the improved health of her grandson’s mother (which brought him to the mentor program) and how he told his mother all about me and the things we did together. Can you believe two years later a 10-year-old little boy remembered the positive experience he had with ME! Leaving a positive influence on a child is my passion and has led me to A summer CAMP on WHEELS. I pray A summer CAMP on WHEELS leaves a positive influence on your children and spreads throughout your community.

Letta’s Blog

Welcome to my world!

My current struggle involves my 15-year-old daughter who is currently in the 10th grade. She is going through the “Academic Struggle.” Now, this child is very intelligent and she’s even in Honors classes. My children have the easiest job, go to school and get good grades, THAT’S IT. I’m not big on chores so you know that’s not a strict component in house. I’ve already had to expeditiously snatch that phone away. I mean this child was on that dang on Facetime ALL THE TIME. While cleaning up the kitchen, the phone is propped up on something, while eating dinner the phone and earphones are plugged into her ears. Child please, let’s get some focus here. Since my precious child cannot seem to get her self-focused, it’s my job to kindly help her. At this point, all I can do is pray her strength in the Lord and prayerfully she will get her life together for the remainder of this year.

This is the parent’s blog; stay tuned for more of Letta’s Blog in the next newsletter. Dad’s coming soon!

Word’s from the Camp

Swim Olympics/U.S. & International Excitement and Swimming lessons, while learning all about the U.S. and international perspective of Olympic Swim.

Week 2 (July 24 - 28, 2017)

Welcome to my world!
